PINPOINT
PATIENT RECRUITING

CAH Virtual Research Opportunities - Earn Rewards for Sharing Your Experiences

Pinpoint Patient Recruiting, a market research recruitment company, is searching for people who are interested in participating in ongoing virtual market research opportunities that help researchers better understand the experiences and opinions of people living with CAH and caregivers of children living with CAH.

The format of opportunities will include online surveys, online interviews and other virtual activities. People who qualify and participate will receive \$65 or more per opportunity as a thank you for taking the time to share their experiences.

Who is eligible to participate?

- adults (ages 18+) who have been diagnosed with classic congenital adrenal hyperplasia (CAH) and are currently receiving treatment
- caregivers of children (ages 4 to 17) who have been diagnosed with classic congenital adrenal hyperplasia (CAH) and are currently receiving treatment

All information and responses will remain confidential. The research opportunities are sponsored by pharmaceutical companies. No medication will be given or tested. Participants must be current residents of the United States.

Interested?
